MCC BOUND LEGENDS

Homepage Website Revisions | Developer Instructions

1. Main Hero Section

Move the entire left content block approximately **90 pixels upward**, including the headline, description, and buttons. Keep the existing layout, font sizes, and spacing between elements unchanged. Only adjust the vertical position.

Change the words **Equipment Transport** to the same blue used for the Home button.

2. Contact Form

Add a **Preferred Pickup Date** field with a calendar date picker.

Add a **Vehicle Condition** dropdown with two options: **Running** and **Non-Running**.

Replace the current SMS consent wording with the exact text below, and keep the checkbox unchecked by default:

By checking this box, I agree to receive SMS messages from MCC Bound Legends LLC at the number provided. Message frequency varies. Message and data rates may apply. Reply HELP for assistance or STOP to opt out. Please review our Privacy Policy and Terms & Conditions.

Make **Privacy Policy** and **Terms & Conditions** clickable links to their respective pages.

3. Main Hero Images and Alignment

I am providing **three images** for the main hero section. Ensure all three are properly sized, positioned, and aligned on desktop and mobile.

The hero content and contact form must align properly with each other. Avoid overlap, stretching, or cropping of important details. **Send desktop and mobile screenshots** after making the changes.

4. Next Section: Large Image

Use **one large picture on the left** instead of multiple smaller pictures. Fit it naturally into the layout and make it responsive on desktop and mobile.

5. Specialized Transport Section

Replace the heading *Specific Vehicles. Specific Pages.* with:

SPECIALIZED TRANSPORT FOR EVERY VEHICLE

Replace the subtitle with:

From box trucks and yachts to excavators and heavy machinery, explore transport solutions tailored to your shipment.

Place the appropriate supplied photos in their corresponding service categories. Ensure each photo is correctly cropped and aligned.

6. Trust, Expertise, Communication, Planning Section

Add a full background picture to the section titled **Trust, expertise, communication, planning.**, using the same background-image treatment as the section titled **Coast to coast. Every state.**

Maintain clear text readability and proper responsive display on desktop and mobile.

7. Bottom Hero Section

Replace the current boat-and-trailer image in the bottom homepage hero section with the new image I am providing. Size and position it correctly for desktop and mobile.

8. Final Review and Screenshots

Review image placement, alignment, spacing, and responsiveness across the homepage. Send **desktop and mobile screenshots** of the revised sections before final approval.
